ANNUAL TOWN MEETING WARRANT

State of New Hampshire

To the inhabitants of the Town of Haverhill in the County of Grafton qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said Town on Tuesday March 9, 1965 at ten o'clock in the forenoon, to act on the following matters:

Article 1. To Choose a Town Clerk.

Article 2. To hear the reports of the Selectmen, Treasurer, Cemetery Commissioners, and any other Town officers heretofore chosen and to pass any vote relating thereto.

Article 3. To choose One Selectman for the term of three years, a Town Treasurer, One Highway Agent, One or more Auditors, One Library Trustee for the term of three years, One Cemetery Commissioner for the term of five years, One Trustee of Trust Funds for the term of three years, and all other necessary Town officers.

Article 4. To see if the Town will vote to contribute funds for the construction of Class V Highways, as provided in Chapter 118, Part 13, Laws of 1945, as amended, and to raise and appropriate the sum so required.

Article 5. To see if the Town will vote to make any alterations in the amount of money to be raised and appropriated for the ensuing year for the support of the Town, as recommended by the Budget Committee in its report, to raise and appropriate all sums so determined for said purposes, and to pass any other vote relating thereto.

Article 6. To see if the Town will vote to authorize the Selectmen to issue interest-bearing notes or orders to provide for the current year's expenses in anticipation of taxes.

Article 7. To see if the Town will vote to authorize the Selectmen to distribute the inventory blanks by mail, or at the time they examine the taxable property.

Article 8. To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate acquired by the Town through Tax Collector's deeds.

Article 9. To see if the Town will vote to appoint or elect a Budget Committee to supervise the appropriations of the Town, and to recommend to the next annual Town Meeting the amounts to be raised for various purposes, such recommendations to be printed in the next annual report.

Article 10. To see if the Town will vote to use the Australian Ballot in the election of Town Officials.

Article 11. To transact any other business proper to come before said Meeting.

Given under our hands and seal this 8th day of February A.D. 1965.

REPORT OF THE SELECTMEN

To the Citizens and Taxpayers of Haverhill:

This has been a difficult year for all Town Officials. The complete revaluation of the Town by the Tax Commission was completed late in the year so that the Tax Statements were late. We feel that an excellent job was done by the assessors and the few errors that were made are fast being corrected. We feel that this has accomplished a much needed revision of the Town's valuation.

All departments have held to their budgets despite the steady rise in costs. The cost of the revaluation was much less than had been anticipated.

We accepted with regret the resignation of Police Chief Alfred Lamarre and we feel very fortunate to have been able to obtain the services of an experienced Chief like John Roden of Hampton who is well known throughout this area.

We invite your careful study of the material in this Report and welcome your questions.

We are grateful to all of the Town officers and the Officers of the several Districts for their cooperation and continued assistance.

REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy—both industrial and recreational—is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area—4,350,000 acres—is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.
2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.
3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine cooperation during the past fire season and with your continued cooperation we are confident that we can improve our fire record in 1965.

BLISTER RUST REPORT

In 1964, 136 towns and cities appropriated \$18,000.00 to advance the control program in their communities. This sum, combined with state and federal cooperative funds, enabled us to cover 185,277 acres of control area. This splendid cooperation, an indication of the towns' continued confidence in the statewide control program, is most heartening.

Recognizing the towns' fiscal problems, the Division's appropriation requests have been kept to minimum amounts necessary to maintain the present status of control.

The importance of the blister rust control program is evidenced by the prominent place white pine holds in our state economy—(1) approximately 70% of all lumber cut in New Hampshire is white pine; (2) 17% of our New Hampshire labor force is sustained by revenue derived from white pine timber sales, woods operations and the manufacture and sale of hundreds of white pine products. All of this was endangered by the advent of the white pine blister rust disease.

New Hampshire faced a big job in marshalling forces to combat the blister rust. It had the largest control area in the United States—2,500,000 acres. However, town, city, state and federal forces combined in a unique team effort to combat it. The state was given the job of directing the field work. The combined effort was successful. Control of the disease has been established on 96% of the entire control area. Our problem now is to hold the line and maintain our hard earned control by periodic examination of control areas to determine the recurrence of currant and gooseberry bushes and, when found, destroy them. Continued cooperation on the part of towns and cities is essential to the achievement of this goal.

COTTAGE HOSPITAL

The Board of Trustees of your Cottage Hospital are happy to report that the hospital is functioning in a very satisfactory manner.

The vision of the people who realized the necessity for this new Hospital in 1958 and worked so hard for it, can take great joy in now seeing it serve the people in need in such an outstanding service to all.

In the report for last year, 3853 people received treatment at this institution.

Of course the overhead continues to climb and the total cost in the year just completed to run this Hospital was \$256,030.83.

However, I wonder how many of you realize the amount of employees that are needed to run a hospital of this size. The part time and full time employees number 67.

The cost of operation continues to soar and although the rates have been raised, the stay of the patient in the hospital has been cut in two in many instances so this has to be taken into consideration.

This 32-bed Hospital is bulging at the seams and an addition as well as a sun porch is badly needed.

It is our hope that this construction may be a reality in 1965.

At this time we would like to thank the Town of Haverhill for their generous contribution, and all others who in any way have helped this hospital in the credit to the community which it serves.

T. BORDEN WALKER, *Chairman*

ROY E. DUNKLEY
Auditor

WOODSVILLE FIRE DISTRICT

Warrant for Annual Meeting for 1965

To the inhabitants of the Woodsville Fire District, in the Town of Haverhill, County of Grafton and State of New Hampshire, qualified to vote in said District affairs:

You are hereby notified to meet at the Community Building on High Street in said District on Thursday, March 11th, 1964 at thirty minutes past seven o'clock in the evening to act on the following matters:

1. To choose a Moderator.
2. To choose a Clerk.
3. To hear the reports of the officers heretofore chosen and to pass any vote relating thereto.
4. To choose a Treasurer.
5. To choose an Auditor.
6. To choose one District Commissioner for the term of three years.
7. To choose one Water and Light Commissioner for the term of three years.
8. To choose one member of the Community Building Committee for the term of two years.
9. To see if the District will vote to raise the sum of Four Thousand Nine Hundred (\$4,900.00) dollars to help defray the cost of community recreation and that the District Commissioners be directed to turn over to the Treasurer of the Woodsville Union High School District the sum of One Thousand Nine Hundred (\$1,900.00) dollars of said sum to be used for the salary of the recreation director.
10. To appoint a committee of five members to serve as the Community Recreation Committee.

11. To see if the District will vote to bond itself for a maximum of Forty-Five Thousand (\$45,000.00) dollars. This sum to be matched by State funds for the completion of Route 302 from Beech Street to the Junction of Route 302 and Route 10, and for the repair of South Court Street. Such bonds to be retired by the Woodsville Water and Light Department.
12. To see if the District will vote to petition the New Hampshire General Court for the passage of the following special act:

AN ACT RELATING TO THE WOODSVILLE

FIRE DISTRICT

1. **WOODSVILLE FIRE DISTRICT.** In addition to the powers heretofore conferred by chapter 204, Laws of 1887, chapter 196, Laws of 1899, chapter 313, Laws of 1913, chapter 292, Laws of 1925 and chapter 316, Laws of 1935, the Woodsville Fire District is hereby authorized and empowered to grant and vote money for the addition, repair, maintenance and support of the Woodsville Free Public Library.
2. **TAKES EFFECT.** All acts and parts of acts inconsistent with this act are hereby repealed and this act shall take effect upon the date of its adoption by the voters of the Woodsville Fire District. All votes of the 1965 annual meeting of the Woodsville Fire District relating to the appropriation of money for the use of the Woodsville Free Public Library are by this act ratified, approved and confirmed.
13. To see if the District will vote to direct the Water and Light Commissioners to pay over to the Precinct Commissioners the sum of Fifteen Thousand (\$15,000.00) to be turned over to the Trustees of the Woodsville Free Public Library, for the purposes of renovation and construction of an addition to said library.
14. To raise and appropriate such sums as may be necessary to meet the expenses of the District including the Fire Department for the coming year.

15. To see what action the District will take in reference to instructing the Water and Light Department to turn over to the Community Building a certain sum of money to meet the expenses thereof.
16. To transact any other business proper to come before said meeting.

Given under our hands and seals this 11th day of February A.D. 1965.

SUPERINTENDENT'S REPORT

This has been a year of progress for our Electrical Department and while our total kilowatts generated is down due to the dry weather, our sale of electricity has increased.

Due to the loyalty and perseverance of our employees, our operating costs have decreased. We have been able to operate with a minimum of help, reflecting a higher net profit at a rate per KW comparable with and in most cases lower than other Utilities in the State.

Several improvements have been made in our Plant this year, such as, a new line to the County Farm, a new garage for our vehicles, a much improved office, etc.

Our Water Department has had a good year—maintenance-wise, but a poor year financially due to a fixed overhead, reflecting a need for more revenue to make it self sustaining.

I would like to take this opportunity to thank the Commissioners for their help and cooperation in making this a successful year.

Respectfully submitted,
R. J. EVANS, *Supt.*

SCHOOL WARRANT
The State of New Hampshire

To the inhabitants of the Union High School District of Woodsville qualified to vote in district affairs:

You are hereby notified to meet at the Community Building in said district on the fifteenth day of March 1965, at 7:30 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To choose a Library Trustee for the ensuing year.
10. To see what sum of money the district will vote to raise and appropriate for the support of the Woodsville Free Public Library.
11. To see if the district will vote to authorize the school board to make application for and to accept, on behalf of the district, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or United States.
12. To see if the district will vote to authorize the application of any unanticipated income to expenses.
13. To transact any other business that may legally come before said meeting.

Given under our hands at said Woodsville this 25th day of January 1965.

1964-1965

Several changes in faculty personnel were made during the summer of 1964.

At the elementary school, Mrs. Lillian Frazer of Monroe, a graduate from Framingham State College with a B.S. degree, was employed to teach in Grade III. Mrs. Frazer has several years of teaching experience, most recently in the Littleton elementary school. Mrs. Geneva Jones, formerly serving in Grade III, is instructing a division of Grade I.

Mrs. Edna Foss resigned in June to accept a position in Monroe. Robert Duncan was replaced in September by Mrs. Barbara Seiferth of Groton, Vermont, to teach in the Junior High department. Mrs. Seiferth is a graduate of Lyndon State College with a B.S. in Ed. degree, Class of 1956, and several years of teaching experience. She resigned as of December 22, 1964 for health reasons.

At the secondary school, there were three new members employed. Miss Lois Laurin replaced Judith Evans as instructor in English and French, Robert Richards replaced Richard Kleinfelder as social science teacher and coach, and Robert Hatch was employed to replace Irving Shaunesey in the area of commercial subjects.

Miss Laurin, a Woodsville High School graduate, received her A.B. degree from Union College, Barbourville, Kentucky, Class of 1964. Mr. Richards of Gorham, New Hampshire, received his B. Ed. degree from Plymouth State College, Class of 1964. Mr. Hatch of Newburyport, Massachusetts, graduated from Salem State College, B.S. in Ed., Class of 1964.

It would seem appropriate that the thesis for a concluding report, as your superintendent of schools, be "A Summary of the Profile of the Superintendency."

In this 1964-1965 school year, schools are "at the center of the vital currents of community life." They are touched by forces operating throughout the nation. They must move along through time adding new ideas and discarding obsolete practices in order to keep in tune with the attitudes, beliefs, activities, and hopes of the American people. As America changed from a political experiment in a remote world frontier to the most powerful industrial nation in the world, the school changed, too. The demands upon the school changed, the school's methods changed, the number and types of its pupils changed—only those vital elements which withstood the test of growth have survived. As a whole, the school has become a more comprehensive, an increasingly effective, and a clearly essential social institution.

It is clear now that many of the stereotypes of superintendents are not true, that the clichés do not hold up when the facts are known. Much of what has been discovered should be reassuring to the people of America.

The school administrator of today has far more preparation for his job than did the school administrator of 30 or 40 years ago. His undergraduate schooling is of better quality and has greater depth of scholarship. Possibly of still greater significance—he can be characterized as being *on the march* with a courageous determination to lift the profession of school administration to a status consistent with its responsibilities and professional complexities.

The operation of a modern school system is a complex and intricate endeavor. "The truly successful superintendent serves as the quarterback of a staff team. Sometimes he runs with the ball; sometimes he blocks for others; at other times he may be a line backer or a lone safety. Of course, the superintendent's signals are called in huddle where his colleagues may question his judgment or he can seek advice before the new play gets under way."

We think often of the *necessity* of education. But, too often, we fail to give attention to the *importance* of education. It has often been said that "education is the ultimate weapon of freedom." If our system of unfettered education were installed in Russia, communist rule could not survive. We are in a great, long-range struggle to de-

termine whether our free society shall survive. In this struggle, the basic source of our strength lies in the education of our people.

We must provide not only more education for more children; we must be sure to identify early and guide the special talents of *each* child, so that each may make the most of his or her abilities, whatever these may be, both for individual achievement and for the progress of our society.

The responsibility for advancing and improving our educational system falls heavily upon the administrator, but it also falls upon every citizen.

In helping our citizens to appreciate this responsibility, our schools might well consider teaching the *subject* of *education* to our children, as a part of their basic course of study.

However long the path may be—whatever the tensions of the day and hour—we shall remain confident and strong if we cherish knowledge as both a blessing and as the ultimate weapon of free men.

In conclusion, I wish to express again the pleasure I have enjoyed in the challenges which have been experienced in endeavoring to improve the educational systems in this supervisory union.

I do wish, at this time, to pay special tribute to the loyal members of the school board with whom I have been privileged to work, from the first members: the late Theodore Weed, Edwin Chamberlin, and Marion Mann, to, and including, your present board members. Mr. Chamberlin has not only served as a local board member since 1946, but also as chairman of the Supervisory Union #23 board since 1950.

Mrs. Mann has distinguished herself over the years as a progressive active member, not only at the local level, but also as an officer of the N. H. Council for Better Schools and of the N. H. School Boards Association, receiving the Distinguished Service Award of the N. H. School Boards Association at its annual meeting in October 1964.

The loyal support of the principals; elementary, F. Calahan, Bob Jeffery, and George McKelvey; and secondary, "Nick" Pendo, and Norman Mullen, have added to the enjoyment of my administration.

A word of tribute is due to the teachers who have grown professionally over the 1947-1965 period of continuous

labor in the Woodsville system. Those retired, Helen Franklin and Florence Lang Chamberlin, as well as those now on the faculty: Giovannina Castello, Barbara Schuyler, and Frank Woodward.

The dedication of the Industrial Arts building to me on December 14, 1952, was an honor which few superintendents have had the pleasure of experiencing.

I hope, for my successor, the continued interest and support of the board members; the loyalty and cooperation of the teachers, each of which has made my administration a pleasant task.

The school, as a community institution, is more than a matter of organization and financing, or a collection of buildings, teachers, and pupils. Its place in the community is that which all of the people, including its own leadership, conceive it to be. It should be an integral part of all community activity.

The reports of Principal Mullen, Principal McKelvey, and of Mrs. Muriel LaMott, R.N., follow.

Respectfully submitted,
PHIL A. BENNETT

In order to keep pace with the rapid growth in knowledge it is a folly for any school or institution to continue to stand still. At Woodsville High School we are attempting to keep pace with the modern techniques of teaching and learning. Several innovations have been taking place during the past year that should be of interest to all area parents. The S. R. A. Reading Program is an example of the excellent work being done by our English Department in order to keep pace with, not only college and university requirements, but also to develop citizens capable of participating intelligently in our society. The multilevel S. R. A. Reading Program introduced into the English Department this fall promises to be of invaluable assistance to students who have reading difficulties. It is geared not only to develop reading-thinking skills, but also to increase the reading rate of the so-called good reader. It is a program not for the gifted, not for the remedial, but for *everyone*.

The science department has grown in effectiveness since the purchase of ten new microscopes, thirty slide viewers and extensive replacements in our Biology, Botany, and Zoology materials. Already in progress is the teaching of Biology according to the Yellow Version as recommended by the State Department of Education. The dual track in all sciences has helped to eliminate many failures and has also increased interest in the scientific fields.

The extra-curricular has continued to grow and at the present time includes approximately ninety per cent of all students in some form of after school activity. In athletics, the Engineers compiled a seasonal record of 18-0 and were defeated in the semi-finals of the N.H.I.A.A. Basketball Tournament at Durham, N.H. last February. In baseball W. H. S. won the N.H.I.A.A. State championship

in June. Our various organizations, music, drama, French, etc. are growing in membership and interest.

The Woodsville students were invited to many areas as a representative musical group of the towns of Monroe and Woodsville. Trips to Montreal, New York, Boston, and Ipswich, Massachusetts were highlights of the musical year. This spring Woodsville will host the North Country Music Festival comprising all high schools in Northern New Hampshire.

Woodsville and area parents should point with pride to their Area School. It has functioned well in all areas of growth and development since its inception, it has changed to meet the needs of our area and country from the horse and buggy to the jet age.

Many thanks to the school board, Mr. Bennett, and the Woodsville High School faculty for making this a pleasant and profitable year.

Respectfully submitted,

NORMAN H. MULLEN, *Principal*

WOODSVILLE GRADED SCHOOL

REPORT OF THE PRINCIPAL

To the Superintendent of Schools:

I submit herein my annual report of the Woodsville Elementary School for the year ending December 31, 1964.

The school enrollment at the start of the school year was 339 pupils. As of the writing of this report the enrollment is 343 pupils. The enrollment by grades is as follows: Kindergarten—26, Grade 1—48, Grade 2—38, Grade 3—43, Grade 4—38, Grade 5—31, Grade 6—51, Grade 7—36 and Grade 8—32. Grades 1 and 6 are split into two sections because of the large number of pupils.

Two new teachers joined the Elementary School staff this year. Mrs. Barbara Seiferth replaced Mr. Duncan and is teaching English in grades 6, 7 and 8. Mrs. Lillian Frazer is teaching grade 3 replacing Mrs. Geneva Jones who transferred to a section of grade 1.

Educational television programs from channels 3 and 8 are once again being used. Art, history, logic, music and science are being watched by various grades.

The school library continues to be used extensively by the pupils. An average of 48 books is taken out every day. The library now has a total of 525 books with a building program in operation to add to the number of books each year. The library has three sets of up to date encyclopedias, plus two sets of encyclopedias devoted to science, as well as many individual books of the research type all of which receive heavy use.

The hot lunch program continues to grow and now serves approximately 240 pupils and teachers each day. The program this year is being supervised by Mrs. Virginia L. Bradley aided by Mrs. Thelma Belyea.

The impact of recent cultural, political, and technological changes has highlighted the inadequacies of sections of the traditional school curriculum. The traditional approach to the teaching of mathematics stressed the mastery of skills before understanding of concepts had been achieved. This method has proved inadequate for our modern times. In our country, some of the best minds of our times have recognized these inadequacies and have contributed to the revision of the mathematics curriculum. The judgments which come from every source, from every experi-

mental project, from every corner of the country, are much the same. Children must from the beginning be exposed to the structure of mathematics. They find concepts intensely interesting and can think creatively and analytically. The learning process is shorter and more effective when based upon a conceptual approach that emphasizes the discovery and understanding of ideas.

The Woodsville Elementary School has introduced modern mathematics into its curriculum this year. Kindergarten youngsters are being introduced to mathematical terms and concepts. Grades 1 through 3 have started modern mathematics completely with supplementary work in modern math being given to grades 4 through 8 along with their traditional mathematics. It is planned to have the whole school in the modern mathematics program by the 1966-67 school year.

A spring music program was presented by grades 1-4 and by the school band. The Christmas program was presented by grades 1-4, the junior high chorus and the school band. The junior high chorus presented a Christmas program at the Woodsville Hospital and at the County Farm.

The elementary school took part this year in the New Hampshire Statewide Grade Eight Testing Program. These tests consisted of intelligence and achievement tests. The tests are now being scored and interpreted by the Test Service and Advisement Center under the direction of Dr. Walter N. Durost. Results of these tests should be received shortly and will be a great help in advising children as to what courses they should take in high school. Stanford Achievement Tests were also given in all other grades and intelligence tests given in grades 3 and 6.

The staff of the elementary school wish Mr. Bennett many happy and well-deserved years of retirement.

Respectfully submitted,

GEORGE C. MCKELVEY

To the Inhabitants of the School district in the town of Haverhill qualified to vote in district affairs:

You are hereby notified to meet at the North Haverhill School Auditorium on the 16th day of March, 1965, at eight o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To hear the report of the building committee pertaining to the construction of an addition to the North Haverhill Elementary School building consisting of a stage, shower rooms, and dressing rooms and to take any action regarding same.

10. To see if the district will vote to raise and appropriate the sum of \$45,000.00 for the purpose of enlargements and improvements to the North Haverhill Elementary School building as described in the previous Article 9, and for the purpose of equipping same.
11. For the purpose of making enlargements and improvements to the North Haverhill Elementary School building and for the purchase of any necessary new equipment therefor, to see if the district will authorize the issue of serial coupon notes or bonds in the sum of \$45,000.00 under and in accordance with the provisions of the Municipal Finance Act, and all amendments thereof.
12. To see if the district will authorize the school board to cause a Blinker Light to be erected at the junction of the North Haverhill School driveway and Route 10 for safety purposes, and raise and appropriate a sum of money for the support of same.
13. To see if the district will vote to authorize the school board to make application for and to accept, on behalf of the district, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or United States.
14. To see if the district will vote to authorize the application of any unanticipated income to expenses.
15. To transact any other business that may legally come before said meeting.

Given under our hands at said Haverhill this 6th day of January 1965.

AUDITOR'S CERTIFICATE

This is to certify that I have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Haverhill of which the above is a true summary for the fiscal year ending June 30, 1964 and find them correct in all respects, with a balance on hand of \$3503.09.

I also certify that Haverhill Consolidated School Building Bonds No. 55 to 63 amounting to \$9,000.00 which were due May 1, 1964 were paid and destroyed. Also Bonds No. 46 to 54 outstanding June 30, 1963 were paid and destroyed. Interest coupons #84 to 103 due November 1, 1963 and May 1, 1964 are outstanding and there is on deposit in the National Shawmut Bank of Boston \$640.00 to pay these when presented. All other Interest Coupons have been paid and destroyed.

Outstanding Bonds—\$72,000.00

1964-1965

The vacancy in the principalship caused by the resignation of Alan Rich in February 1964, was temporarily filled by Wayne Evans as acting principal for the remainder of the school year. Mr. Evans was elected as principal for the present school year.

Other faculty changes consist of the employment of Daniel A. Nason, B.Ed. Plymouth State College, Class of 1964, as instructor in science, replacing Bruce McGinley who resigned in August. Rev. Walter Smith was also employed to assist in the area of social studies. Mr. Smith received a degree of B.S.Ed. from the University of Maine and a B. of Divinity degree from Bangor Theological Seminary. He teaches part time only. Mrs. Marilyn Hodge is employed for an additional day to instruct pupils in instrumental music lessons at the Academy.

It would seem appropriate that the thesis for a concluding report, as your superintendent of schools, be "A Summary of the Profile of the Superintendency."

In this 1964-1965 school year, schools are "at the center of the vital currents of community life." They are touched by forces operating throughout the nation. They must move along through time adding new ideas and discarding obsolete practices in order to keep in tune with the attitudes, beliefs, activities, and hopes of the American people. As America changed from a political experiment in a remote world frontier to the most powerful industrial nation in the world, the school changed, too. The demands upon the school changed, the school's methods changed, the number and types of its pupils changed—only those vital elements which withstood the test of growth have survived. As a whole, the school has become a more comprehensive, an increasingly effective, and a clearly essential social institution.

It is clear now that many of the stereotypes of superintendents are not true, that the clichés do not hold up when the facts are known. Much of what has been discovered should be reassuring to the people of America.

The school administrator of today has far more preparation for his job than did the school administrator of 30 or 40 years ago. His undergraduate schooling is of better quality and has greater depth of scholarship. Possibly of still greater significance—he can be characterized as being *on the march* with a courageous determination to lift the

profession of school administration to a status consistent with its responsibilities and professional complexities.

The operation of a modern school system is a complex and intricate endeavor. "The truly successful superintendent serves as the quarterback of a staff team. Sometimes he runs with the ball; sometimes he blocks for others; at other times he may be a line backer or a lone safety. Of course, the superintendent's signals are called in huddle where his colleagues may question his judgment or he can seek advice before the new play gets under way."

We think often of the *necessity* of education. But, too often, we fail to give attention to the *importance* of education. It has often been said that "education is the ultimate weapon of freedom." If our system of unfettered education were installed in Russia, communist rule could not survive. We are in a great, long-range struggle to determine whether our free society shall survive. In this struggle, the basic source of our strength lies in the education of our people.

We must provide not only more education for more children; we must be sure to identify early and guide the special talents of *each* child, so that each may make the most of his or her abilities, whatever these may be, both for individual achievement and for the progress of our society.

In helping our citizens to appreciate this responsibility, our schools might well consider teaching the *subject* of *education* to our children, as a part of their basic course of study.

However long the path may be—whatever the tensions of the day and hour—we shall remain confident and strong if we cherish knowledge as both a blessing and as the ultimate weapon of free men.

In conclusion, I wish to express again the pleasure I have enjoyed in the challenges which have been experienced in endeavoring to improve the educational systems in this supervisory union.

I also desire to pay special tribute to the loyal members of the school board with whom I have been privileged to work, from the first members, the late Emile Blank, who for many years was also chairman of the Supervisory Union #23 board, Roe McDanolds, and Herbert Swan, to, and including, your present board members.

Center Haverhill, Pike, and Haverhill Corner elementary schools have closed and consolidated at the North Haverhill building which has been remodeled to accommodate all of the pupils from these areas. It is unfortunate that the secondary schools have not realized equal advancement in educational facilities.

Special appreciation for continuous teaching service during the 1947-1965 period in the district is extended to Principal Morrill, Mrs. Cote, Mrs. Emily Morrill, and Mrs. Henderson. Mr. Howard Evans has taught continuously for me during this period; the first year in Warren, the last seventeen in Haverhill.

I hope, for my successor, the continued interest and support of the board members; the loyalty and cooperation of the teachers, each of which has made my administration a pleasant task.

The school, as a community institution, is more than a matter of organization and financing, or a collection of buildings, teachers, and pupils. Its place in the community is that which all of the people, including its own leadership, conceive it to be. It should be an integral part of all community activity.

The reports of Principal Evans and Mrs. Muriel LaMott, R. N., follow.

Respectfully submitted,

PHIL A. BENNETT

Scholarship honors were won by Marilyn Slight, Anne Joslin, Marcia LaMott, and Yvonne Reed in the order named.

The loyalty, scholarship, and achievement award was presented to Roberta Kimball.

The Bassler-Keyes Memorial Sportsmanship plaque was awarded to Richard Lang.

Continued improvement is being given our science facilities with the additional purchase of equipment for use in Chemistry, Biology, and General Science.

Our school library is being increased with annual purchases of reference books in the various subject matter areas.

A film strip machine was purchased for the school and along with the motion picture projector we are able to enlarge our audio-visual aids program.

A new instrumental program has been added this year with offerings for lessons in most of the band instruments. At the present this set up is a one day a week affair but if enough interest is shown an expanded schedule will be considered.

For next year we hope to be able to offer a physical education program designed to aid our youth in the necessary function of fitness of mind and body.

Out of the 24 graduates of the class of 1964, 15 of these students went on to further their education. This is a very high percentage and here at the Academy we will continue to encourage and help all those who so desire to go on with their training that will be so necessary in our complex society of tomorrow.

Our annual Dental Clinic was held during March, April, and May. Fifty-eight pupils were examined at this clinic, 44 pupils were treated. A total of 107 fillings, 54 extractions of temporary, or baby teeth, and 14 cleanings were done. Clinic rates went up \$5.00 per morning. I am especially grateful to the people that furnished transportation to the Dental Clinic. It seems to get increasingly difficult to get transportation each year. Without transportation, we can have no clinic. Anyone wishing to contribute their car and time to take a group of children to the clinic, will find it interesting and educational. The following people donated transportation for our 1964 clinic: Roy Dunkley, Everett Sawyer, Mrs. Donald Girouard, Mrs. Nora Davidson, Mrs. James Hood, Mrs. Madeline Bixby, and Mrs. Florence Clough.

I want to thank the Cohase Lions Club for their assistance in the Sight Conservation Program. Whenever needed, they furnished funds to pay for eye examinations and glasses.

I want to thank people that donated clothing throughout the year.

I attended the following professional meetings during the year:

10/25/63—Teachers Meeting (School Nurse Section)
Manchester, N. H.

2/20/64—School Nurses' Meeting, Tilton, N. H.

3/13/64—Workshop Meeting, Council for Better Schools,
Concord, N. H.

4/3/64—Meeting on Mental Retardation at Concord
State Hospital.

5/4/64—Annual meeting of Social Workers, Hanover,
N. H.

In order to keep my School Nurse-Teacher's Certification requirements current, two extension courses were taken during the year.

Again, I want to thank Mr. Bennett, the teachers, parents, and pupils for their cooperation during the year.
